## What is Florence Nightingale Hospice Charity?

We are a hospice charity, which means we care for patients, some of whom are dying. We also look after their families because this is a very difficult time for them. We work across Buckinghamshire. Our Charity is supported by amazing people who work within the Hospice or who volunteer their time. Running our Hospice is expensive and so we raise money and have fundraising events throughout the year, like the Midnight Walk.

## What is fundraising?

Fundraising is a way of collecting money to help with special projects or causes that are important to people. It's usually a group of people working together to gather money for a reason such as helping others.

If you fundraise for us, you are helping us to pay for nurses who look after our patients. Some of the patients are cared for in the Hospice and some can stay at home and our nurses visit them and care for them. Fundraising also pays for days out for our patients and lots of other things which are important for them.

The best part of fundraising is that it helps make the world a better place. Fundraising is a way to show kindness and support.

## Feeling Proud!

When you help with fundraising, you should feel proud because you're making a positive difference to the world. You're also learning about teamwork and the importance of helping others.

Fundraising is not just about collecting money; it's about bringing us together to make good things happen. It's a way to show that even kids can make a big impact in their community and the world.

## Sponsorship

Ask your family and friends to sponsor you either by filling in the attached Sponsorship form or asking your parent or guardian to help you set up a Just Giving page.

Visit our campaign page [here](#), click on the Start Fundraising button to create your online fundraising page.
